#### Eligibility Criteria

This initiative is open to National Regulatory Authorities (NRAs) in Africa. Each proposal should be submitted by one primary organization/applicant, but the awards require active collaboration between at least two NRAs per application. Proposals must demonstrate that at least 80% of the funding is going to NRAs. While not encouraged, if a single NRA (must be ML3) applies, sound justification must be provided as to why they are unable to collaborate. Proposals could include collaborations with other entities (academic, non-for-profit institutions, etc.). Individuals and organizations classified as individuals for U.S. tax purposes are not eligible to receive an award from the foundation as part of this initiative.

Upon registration, applicants must provide information about the tax status of their organization as different terms and conditions may apply. You should confirm your organization's tax status with the appropriate advisor or entity within your organization such as your grants or contracts department, finance, or office of sponsored research. The foundation may request additional information regarding your tax status. For information about tax statuses, you may check with your own advisors and review information provided on the Internal Revenue Service web site at: [www.irs.gov](http://www.irs.gov).

#### How to Apply

Please review the [Application Instructions](#) as you develop your proposal. You are required to submit either a Microsoft Word® or PDF document no more than 3 pages in length for your Proposal. You will also upload a completed Budget Table and Narrative, template provided in the [Application Instructions](#) as well as a Collaboration Statement. Please do not include a cover sheet with your proposal, a cover sheet will be automatically generated from your registration data.

Changes to the Rules and Guidelines and to the Frequently Asked Questions (FAQ) document will be posted periodically, including any changes to the dates listed above. Please read the FAQ document before submitting any questions or concerns.

**Proposals must be submitted prior to the deadline of February 14, 2024, 2:00 p.m. U.S. Pacific Time**

### **Awards**

We will consider proposals for awards of up to **\$300,000 USD for each project**, with a grant term of up to 18- to 24-months. Application budgets should be commensurate with the scope of work proposed. Indirect costs will be considered, and should be included in the budget for the \$300,000 USD award (subject to the [Bill & Melinda Gates Foundation's indirect cost policy](#)).

### **Review Process**

The Grand Challenges application review process for this challenge will be executed in five steps:

1. The first step consists of screening applications to evaluate whether proposals address the key needs described in the topic. We screen for responses that are completely unrelated or specifically excluded in the topic description. Excluded responses encompass ideas related to the topic but that, for strategic reasons, we are not funding under the Grand Challenges initiative. In addition, we exclude proposals considered incremental advances, appropriate responses that are similar to work in which the foundation or other Grand Challenges programs are already investing, or avenues of inquiry we deem ill-suited to the Grand Challenge initiative. Applicants with proposals removed from consideration during the screening process will be notified that their proposals were declined but will not receive specific feedback.
2. In the second step, reviews are chaired or co-chaired by technical leads from the foundation and, in some cases, other funding partners and are conducted by reviewers both outside and within the foundation. Reviewers are selected from the world's leading researchers and comprise both experts in the topic area and experts in complementary areas. Not all reviewers have deep expertise in the topic; please consider this information when drafting your proposal.

The criteria considered in these reviews are:

- Potential to lead to solutions with substantial impact related to the specific topic
  - Scientific and technical excellence & innovation, including:
    - creativity of the project's approach and clear differentiation from existing approaches
    - a clear and rigorous conceptual framework for the activities
  - Project Plan, including:
    - investigator and organization capabilities and potential for collaboration
    - value in terms of appropriateness of the budget and timeline relative to project complexity, risk, and potential impact
3. The third step is the validation and shortlisting of proposals to move on to the next stage in the review process. Shortlisted proposal applicants may be invited to submit additional information and/or invited to an interview.
  4. The fourth step is the final selection of the proposals to be funded by the Executive Committee. The Executive Committee may recommend the proposal be funded, subject to specific modifications which will be negotiated as part of the award process. Organizations invited to submit full proposals will be provided additional technical instructions at that time.

5. The fifth and final step is a due diligence review and to directly discuss and negotiate any adjustments to the proposed project recommended by the Executive Committee. Investigators will be contacted as part of the due diligence review.

#### *Management of Conflict of Interest*

To identify and avoid conflicts of interest among application reviewers, such reviewers will not be permitted to review proposals from organizations with which the reviewer has self-identified conflicts of interest.

#### **Eligibility and Notifications**

Please review the [Bill & Melinda Gates Foundation's sample terms and conditions](#). Please note that depending on the tax status of your organization, alternate terms and conditions may apply. Please also review the [Bill & Melinda Gates Foundation's standard Request for Proposal \(RFP\) Terms and Conditions](#).

#### **Privacy Notice and Terms of Use**

When submitting materials to the Foundation please keep in mind that because we have a focus on achieving charitable outcomes, we view information that we obtain through our grantmaking as a public good. Subject to the [Foundation's Privacy & Cookies Notice](#), the Foundation may also share information you provide to us (either orally or in writing) with third parties, including external reviewers, consultants, contingent workers, key partners and co-funders. **You should assume that nothing will be kept confidential and should not include any information in the proposal, budget, supplemental materials, or reports that you consider proprietary.**

Additionally, the foundation is required by the IRS to publish a list of its grants. The foundation also provides general descriptions of its grants on its web sites, in press releases, and in other marketing materials.

For more information, please review the [Grand Challenges Privacy and Terms of Use](#).

#### **Representation**

By providing any Submission Materials, you represent to the Bill & Melinda Gates Foundation that (i) you have the right to provide any personal information submitted; and (ii) you are a duly authorized representative of the Applicant and agree to be bound by the terms set forth above, without amendment.
