

Grand Challenges Annual Meeting 2020: Call-to-Action Rules & Guidelines

Proposals due by Wednesday, December 2, 2020 11:30 a.m. U.S. Pacific Standard Time

I. Overview

The Call-to-Action provides an opportunity for Grand Challenges Annual Meeting participants to take action based on ideas they developed and people they met at the meeting. The [grants awarded](#) for the 2018 and 2019 Call-to-Action were for projects arising from diverse types of opportunities – as noted by applicants in their submitted proposals – to interact at the meeting and to bring together combinations of expertise and perspective to speed the impact of what would otherwise be separate work by individual investigators. We hope that interactive elements at this year’s virtual meeting will still provide ways to catalyze collaborative grant applications and that the extra urgency of the meeting’s focus this year will inspire projects with a goal and design that will yield a tangible solution to a key problem by the end of the grant.

Key Dates	Event
October 19-21, 2020	Call to Action announced at the GCAM
October 19, 2020	Application period opens (meeting attendees receive information via email)
Wednesday December 2, 11:30 a.m. US Pacific Standard Time	Application deadline

Eligibility

Participants who registered for and attended the GCAM 2020 are eligible to apply as a Primary Applicant on behalf of an organization with which they are affiliated. Applications are permitted from both non-US and US organizations, including non-profit organizations, for-profit companies, international organizations, government agencies, and academic institutions. Employees, officers and directors of the Bill & Melinda Gates Foundation are not eligible Primary Applicants or collaborators for either type of proposal. Eligible applicants will receive further information via email.

Each proposal must list one eligible participant as Primary Applicant (PA). Each eligible participant may be listed only once as a PA and therefore must choose whether to apply as the PA for a *Collaborative Pilot* or *Pilot* application. While an eligible participant may apply only once as the PA, there is no limit to the number of collaborative pilot applications on which an eligible participant may be listed as a collaborator.

Collaborative Pilot and *Pilot* proposals are defined below.

Funding levels:

- \$200,000 USD for *Collaborative Pilot*: applications that involve two or more meeting participants from different institutions
- \$100,000 USD for *Pilot*: applications with only one meeting participant as the PA

Note that for *Collaborative Pilot* awards, applicants must include *at least two registered and attending meeting participants from different institutions*, one as the PA and at least one collaborator. A collaborative application counts as the sole application for the PA. Submit your best ideas.

How to Apply

All users will need to create an account and submit proposals through our [online portal](#).

Upon registration, applicants must provide information about the tax status of their organization as different terms and conditions may apply. You should confirm your organization's tax status with the appropriate person or group within your organization such as your grants or contracts department, finance, or office of sponsored research. Please select the tax status that most closely reflects your current organization's status. The foundation may request additional information regarding your tax status and other organizational information. For information about tax statuses, you may check with your own advisors and refer to information provided on the Internal Revenue Service web site at: www.irs.gov.

Applicants planning to conduct project activities in India may be required to register with the Ministry of Home Affairs under the Foreign Contribution Regulation Act of 2010 (FCRA). As part of the foundation's diligence we may ask for a copy of your organization's registration under FCRA or a written certification that FCRA registration is not required. Failure to comply with the requirements of FCRA may subject your organization to financial and/or criminal penalties. You should consult with your own advisors to determine whether FCRA applies to your organization or project.

You will be asked to select the meeting track content with which your proposal best aligns. You may change this track assignment and edit your proposal any time before the application deadline. The track(s) you select will be used to route your proposal for review, so please carefully review the [Request for Proposals](#) including track abstracts and choose the track most aligned with your proposal content.

Application Format

Please review the [Application Instructions](#) as you develop your proposal. You are required to submit either a Microsoft Word® or PDF document no more than two pages in length for your Proposal Narrative. You will also upload a completed Budget Table and Narrative, template provided in the [Application Instructions](#). If you are submitting a *Collaborative Pilot*, you will also be required to submit a one-page Collaborative Statement. Please do not include a cover sheet with your proposal. A cover sheet will be automatically generated from your registration data.

Proposals for the Call to Action must be submitted prior to the submission deadline of 11:30 a.m. Pacific Standard Time on Wednesday December 2, 2020.

III. Review Process

For this Call to Action to successfully harness the energy and excitement of the meeting to test creative new ideas or new collaborations fostered by the meeting, a rapid turnaround is required. Applicants will be allocated approximately one month to develop and submit their proposals. The review and funding decisions will be made around the end of March and the foundation will aim to send award notices between April and May, after any necessary due diligence.

The review of proposals will be largely champion-based rather than consensus-based, with a panel of reviewers asked to select the top proposals from those relevant to the track content with which they are associated.

Handling of Proposals

The foundation has put in place policies and procedures, applicable to this Call to Action, intended to restrict public dissemination of application materials. These policies and procedures include, when possible, having external reviewers sign conflict of interest and confidentiality agreements and requiring that reviewers destroy or return to the foundation all copies of information acquired or created during the course of performing a review. In some

instances, however, we are unable to put in place confidentiality agreements or to police the use of application materials.

During the application process you will be required to confirm that you have read and understand the [Website Terms of Use and Privacy and Information Policy](#) and these Rules and Guidelines, and acknowledge that any information that you provide to us (either orally or in writing) will be subject to and handled in accordance with such provisions. The foundation also provides general descriptions of its grants on its web sites, in press releases, and in other marketing materials and is required by law to publish a list of its grants.

Review of Proposals

Due to the rapid proposal and review timelines applicable to this Call to Action, applicants with proposals that are not selected for award may receive a notification of decline without specific feedback.

Management of Conflict of Interest

To identify and avert conflicts of interest among reviewers, reviewers will not be permitted to review proposals from organizations with which the reviewer has self-identified a conflict of interest.

IV. Key Elements of GCAM Call to Action Agreements

Detailed sample provisions for the foundation's standard Agreements, one for non-profit organizations and one for for-profit organizations, are included in the Appendix to these Rules and Guidelines. Please note that these provisions are merely sample terms. The terms in the agreements between the foundation and awardees are subject to change at the foundation's discretion.

The provisions have been developed specifically for this Call to Action **and are not negotiable**. You are advised to ensure that your institution can accept the provisions of the relevant Agreement at the time of proposal submission. If your proposal is selected, you will have only a few weeks after notification of the award in which to have the appropriate institutional officer sign the Agreement and return it to the foundation.

1. Call to Action awards will be granted at two levels:
 - \$200,000 USD *Collaborative Pilot*
 - \$100,000 USD *Pilot*

These award levels are **total** costs for the award. All awards will have a term of approximately 18 months beginning on the project start date.

2. You will be asked to complete a high-level budget with the below categories. Please review the foundation's [Indirect Cost Policy](#) as you develop your proposal.

	Estimated Budget
<i>Personnel (including salary, fringe benefits, tuition, or other direct compensation)</i>	\$
<i>Subcontracts, including your collaborator, if applicable. Please list separately if more than one.</i>	\$
<i>Subgrants, including your collaborator, if applicable. Please list separately if more than one.</i>	\$
<i>Capital Assets/Equipment</i>	\$
<i>Travel</i>	\$
<i>Supplies</i>	\$
<i>Other Expenses (please briefly describe in the narrative section)</i>	\$
<i>Indirect Costs</i>	\$
<i>Total</i>	\$

3. Project funds may not be used to reimburse expenses incurred prior to the project start date.
4. The applicant must return a fully executed agreement to the foundation no later than the date and time indicated by the Grants and Contracts Management team to receive the Call to Action award.
5. The foundation imposes restrictions on the amount of indirect costs it will fund, please see the foundation's [indirect cost policy](#). The budget provided in your application should disclose the amount of indirect costs budgeted for your project and the indirect costs of any collaborators participating as subgrantees or subcontractors.
6. For-profit non-US awardees are subject to restrictions on the amount of funds they may use for expenditures in the US (see sample agreement for for-profit organizations).
7. Project funds may not be used to enroll human subjects in any research project subject to Institution Review Board (IRB) or Independent Ethics Committee (IEC) approval until such approval has been obtained for each site.
8. Awardees must agree to conduct and manage the project and the products, services, processes, technologies, materials, software, data other innovations, and intellectual property resulting from the project (including modifications, improvements, and further developments to "Background Technology") in a manner that ensures "Global Access." See the Global Access Section of the Sample Agreements for more information about these obligations.
9. Awardees must agree to abide by the foundation's [Open Access Policy](#) which requires all peer-reviewed published research, and underlying data sets resulting from foundation funded research to be immediately available upon publication. As noted in the Open Access Policy, the foundation is responsible for individual article processing charges and fees to the extent required to comply with the foundation's Open Access Policy. These fees should not be included in project budgets. Open access management and fees will be managed via Chronos, a service for foundation-funded research. Chronos simplifies and manages the process of publishing under the foundation's Open Access Policy terms. Primary contacts will receive a Chronos account activation email 6 weeks after the agreement start date.

The Agreement and specific provisions that apply to a project depend on the tax status of the applicant. We strongly encourage you to share the Sample Agreements with the appropriate person or group within your organization such as your grants and contracts department, legal department, finance or office of sponsored research at the time you submit your proposal to ensure that your organization can agree to the relevant provisions.

V. Reporting

All Call to Action awardees must prepare and submit a report on initial progress due before the 2021 Grand Challenges meeting and a Final Report due at the end of the grant term. Grantees subject to expenditure responsibility under US law (for-profit organizations and some non-profit organizations) may be required to submit additional reports. Awardees must submit the report electronically by the date described in the Reporting section of the Agreements. The reports should be cumulative, stand-alone documents that describe the work performed with the project funds during the lapsed portion of the project term. The scientific section of the report must include any technical data gathered, models developed, and summary conclusions as of the time of the report. The financial section of the report should include an account of the manner in which you spent the project funds as of the time of the report.

Agreements received after the deadline may not be considered for funding. More information will be sent to those being considered for an award.

Set forth below are samples of the Agreements used in making these awards. Please note that these provisions are merely sample terms. The terms in the agreements between the foundation and awardees are subject to change at the foundation's discretion.

II. Sample Agreement for Most Non-Profit Organizations (See below for Sample Agreement for Other Non-Profit Organizations and all For-Profit Organizations)

GRANT AMOUNT

The Foundation will pay You the total grant amount specified in the Reporting & Payment Schedule below. The Foundation's Primary Contact must approve in writing any Budget cost category change of more than 10%.

REPORTING & PAYMENT SCHEDULE

Payments are subject to Your compliance with this Agreement, including Your achievement, and the Foundation's approval, of any applicable targets, milestones, and reporting deliverables required under this Agreement. The Foundation may, in its reasonable discretion, modify payment dates or amounts and will notify You of any such changes in writing.

REPORTING

You will submit reports according to the Reporting & Payment Schedule using the Foundation's templates or forms, which the Foundation will make available to You and which may be modified from time to time. For a progress or final report to be considered satisfactory, it must demonstrate meaningful progress against the targets or milestones for that investment period. If meaningful progress has not been made, the report should explain why not and what adjustments You are making to get back on track. Please notify the Foundation's Primary Contact if You need to add or modify any targets or milestones. The Foundation must approve any such changes in writing. You agree to submit other reports the Foundation may reasonably request.

PROJECT SUPPORT

PROJECT DESCRIPTION AND CHARITABLE PURPOSE

The Foundation is awarding You this grant to carry out the project described in the Proposal Narrative and Results Framework and Tracker (collectively, "*Project*") in order to further the Charitable Purpose. The Foundation, in its discretion, may approve in writing any request by You to make non-material changes to the Proposal Narrative and/or Results Framework and Tracker.

MANAGEMENT OF FUNDS

USE OF FUNDS

You may not use funds provided under this Agreement ("*Grant Funds*") for any purpose other than the Project. You may not use Grant Funds to reimburse any expenses You incurred prior to the Start Date. At the Foundation's request, You will repay any portion of Grant Funds and/or Income used or committed in material breach of this Agreement, as determined by the Foundation in its discretion.

INVESTMENT OF FUNDS

You must invest Grant Funds in highly liquid investments with the primary objective of preservation of principal (e.g., interest-bearing bank accounts or a registered money market mutual fund) so that the Grant Funds are available for the Project. Together with any progress or final reports required under this Agreement, You must report the amount of any currency conversion gains (or losses) and the amount of any interest, or other income generated by the Grant Funds (collectively, "*Income*"). Any Income must be used for the Project.

GLOBAL ACCESS

GLOBAL ACCESS COMMITMENT

You will conduct and manage the Project and the Funded Developments in a manner that ensures Global Access. Your Global Access commitments will survive the term of this Agreement. "*Funded Developments*" means the products, services, processes, technologies, materials, software, data, other innovations, and intellectual property resulting from the Project (including modifications, improvements, and further developments to Background Technology). "*Background Technology*" means any and all products, services, processes, technologies, materials, software, data, or other innovations, and intellectual property created by You or a third party prior to or outside of the Project used as part of the Project. "*Global Access*" means: (a) the knowledge and information gained from the Project will be promptly and broadly disseminated; and (b) the Funded Developments will be made available and accessible at an affordable price (i) to people most in need within developing countries, or (ii) in support of the U.S. educational system and public libraries, as applicable to the Project.

HUMANITARIAN LICENSE

Subject to applicable laws and for the purpose of achieving Global Access, You grant the Foundation a nonexclusive, perpetual, irrevocable, worldwide, royalty-free, fully paid up, sublicensable license to make, use, sell, offer to sell, import, distribute, copy, create derivative works, publicly perform, and display Funded Developments and Essential Background Technology. "*Essential Background Technology*" means Background Technology that is: (a) owned, controlled, or developed by You, or in-licensed with the right to sublicense; and (b) either incorporated into a Funded Development or reasonably required to exercise the license to a Funded Development. You confirm that You have retained sufficient rights in the Funded Developments and Essential Background Technology to grant this license. You must ensure this license survives the assignment or transfer of Funded Developments or Essential Background Technology. On request, You must promptly make available the Funded Developments and Essential Background Technology to the Foundation for use solely under this license. If You demonstrate to the satisfaction of the Foundation that Global Access can best be achieved without this license, the Foundation and You will make good faith efforts to modify or terminate this license, as appropriate.

PUBLICATION

Consistent with Your Global Access commitments, if the Project description specifies Publication or Publication is otherwise requested by the Foundation, You will seek prompt Publication of any Funded Developments consisting of data and results. "*Publication*" means publication in a peer-reviewed journal or other method of public dissemination specified in the Project description or otherwise approved by the Foundation in writing. Publication may be delayed for a reasonable period for the sole purpose of seeking patent protection, provided the patent application is drafted, filed, and managed in a manner that best furthers Global Access. If You seek Publication in a peer-reviewed journal, such Publication shall be under "open access" terms and conditions consistent with the Foundation's Open Access Policy available at: www.gatesfoundation.org/How-We-Work/General-Information/Open-Access-Policy, which may be modified from time to time. Nothing in this section shall be construed as requiring Publication in contravention of any applicable ethical, legal, or regulatory requirements. You will mark any Funded Development subject to this clause with the appropriate notice or attribution, including author, date and copyright (e.g., © 20<> <Name>).

INTELLECTUAL PROPERTY REPORTING
